Course Outline

Food Safety Management FSSC 22000 Awareness

Course Overview

This programme provides a structured awareness of the FSSC 22000 food safety management scheme, built on ISO 22000:2018 and the ISO/TS 22002 prerequisite programmes. Participants learn how the scheme is structured, what it requires of an organisation, and how it is audited and maintained.

Duration	8 hours (1 day)
Delivery	Instructor-led classroom or live online
Level	Awareness / Foundation
Assessment	Multiple-choice examination, 70% pass mark
Prerequisites	None

Learning Objectives

On completion of this course, participants will be able to:

- Explain the purpose, structure and benefits of FSSC 22000 (v5.1).
- Describe the relationship between ISO 22000:2018, the ISO/TS 22002 prerequisite programmes and the additional FSSC requirements.
- Interpret the key clauses and terminology of the scheme.
- Outline the roles of top management, the food-safety team and HACCP.
- Describe the certification, surveillance and re-certification cycle.

Course Modules

#	Topic	Duration
1	Introduction to food safety & the FSSC 22000 scheme	60 min
2	ISO 22000:2018 requirements and structure	90 min
3	Prerequisite programmes (ISO/TS 22002-1)	75 min
4	HACCP principles & hazard analysis	90 min
5	Additional FSSC 22000 requirements	60 min
6	Certification process, audits & continual improvement	60 min
7	Review, examination & feedback	45 min

Assessment & Certification

Participants who attend the full programme and achieve the required pass mark in the final examination are awarded this certificate of completion. The certificate confirms attendance and successful assessment of the training content described above; it is not, by itself, an accredited management-system certification of the organisation.
